Direct English Translation of Kwéyòl Version

I

Daughters and sons, children of Saint Lucia
Cherish the country of our birth,
Country of mountains, coves and valleys
Most beautiful island upon the Earth!
Any place you travel
Always cherish our native island.

II

It is no longer a time when nations fought war
For our beautiful Helen,
It is no longer a time when revolt and combat
Troubled all our lives
Now, the sky has brightened
A new way has opened for us.

III

God, Lord, bless our country
Protect her against all misfortune
Make us live together in peace
Make us strong in heart and soul
Help us uphold the principles
Justice, Love, Truth!
